

Side event at the UNFCCC SB36 in Bonn

Expanding Carbon Markets through New Market-based Mechanisms

This side event is based on the work of the CEPS Carbon Market Forum and the report released prior to the May 2012 UNFCCC meetings entitled “Expanding Carbon Markets through New Market-based Mechanisms: A synthesis of discussions and submissions to the UNFCCC”.

It is intended as a discussion of issues that need to be addressed in order to make progress and deliver on the mandate of COP 17 in Durban: To develop Modalities and Procedures for the New Market Mechanism and to undertake a work programme to consider a Framework for various approaches, including markets.

**Venue: SOLAR, Ministry of Environment
Wednesday, 16 May 2012, 18:15-19:45**

Agenda

Welcome:

Pedro Martins Barata, Chair of the CEPS Carbon Market Forum Task Force on New Market Mechanisms
