

Kiribati NAP aka Kiribati Joint Implementation Plan

38% need further review
53% just commenced, and
ongoing
9% completed

Vulnerability
Assessment

→ We have done the Vulnerability
Assessment on 16 islands out of
the 23 total islands of Kiribati

Monitoring,
Evaluation
and
Learning

National
Adaptation
Plan Cycle

National
Planning

→ We have 12 strategies in our NAP

Implementation

Each sectors have its climate
change priorities in the KJIP

- Sector-base implementation
- Sector-base financial

- 1** Strengthening good governance, policies, strategies and legislation
- 2** Improving knowledge and information generation, management and sharing
- 3** Strengthening and greening the private sector, including small-scale business
- 4** Increasing water and food security with integrated and sector-specific approaches and promoting healthy and resilient ecosystems
- 5** Strengthening health-service delivery to address climate change impacts
- 6** Promoting sound and reliable infrastructure development and land management

- 7** Delivering appropriate education, training and awareness programmes
- 8** Increasing effectiveness and efficiency of early warnings and disaster and emergency management
- 9** Promoting the use of sustainable renewable sources of energy and energy efficiency
- 10** Strengthening capacity to access finance, monitor expenditures and maintain strong partnerships
- 11** Maintaining the sovereignty and unique identity of Kiribati
- 12** Enhancing the participation and resilience of vulnerable groups

Challenges in the Implementation of NAP

1. Limited Financial resources
2. Limited Human resource and technical capacity
3. Limited technology transfer
4. Vulnerability to climate risks

Thank you all
