BY THE PRESIDENT OF THE PHILIPPINES

EXECUTIVE ORDER NO. 05

APPROVING AND ADOPTING THE TWENTY-FIVE-YEAR LONG TERM VISION ENTITLED *AMBISYON NATIN 2040* AS GUIDE FOR DEVELOPMENT PLANNING

WHEREAS, the 1987 Philippine Constitution mandates the independent economic and planning agency of the government to implement continuing, integrated and coordinated programs and policies for national development after consultations with the appropriate public agencies, various private sectors, and local government units;

WHEREAS, Executive Order No. 292 (s. 1987) or the Administrative Code of 1987 requires the State to ensure that all socio-economic programs and activities of the government shall be programmed within the context of well-formulated and consistent long, medium, and short-term development plans and policies to promote both the growth of the economy and the equitable distribution of the benefits of such growth to the members of society;

WHEREAS, pursuant to EO No. 292, the National Economic and Development Authority (NEDA) shall serve as the independent planning agency of the government and shall primarily be responsible for formulating continuing, coordinated and fully integrated social and economic policies, plans and programs;

WHEREAS, Asia is projected to be the center of the global economy by 2050, and the Philippines needs a bold vision and effective development planning, one that adopts a forward-looking approach that goes beyond a single political administration, to be at par with the region's economic growth and development;

WHEREAS, as the Filipino should always be at the center of development planning, knowledge of our peoples' aspirations for themselves and the country is necessary to enable the government to design programs, projects and activities geared towards the attainment of development outcomes in order to fulfill such aspirations;

WHEREAS, the NEDA, through a series of nationwide public consultations composed of focus group discussions and a survey, has concluded that the Filipinos' vision for themselves is:

"In 2040, we will all enjoy a stable and comfortable lifestyle, secure in the knowledge that we have enough for our daily needs and unexpected expenses, that we can plan and prepare for our own and our children's future. Our family lives together in a place of our own, and we have the freedom to go where we desire, protected and enabled by a clean, efficient and fair government."
