

NAMA Proposals: Overview and Financing Options

Several countries are currently developing concrete proposals for nationally appropriate mitigation actions that need appropriate financing. The side event by KfW and climatepolicy.net will present an overview of proposals at different stages and discuss financing possibilities via development banks. Negotiators will act as respondents to the presentations.

**December 3rd, 2010
20:15 to 21:45
Cancunmesse
Room “Mamey”**
