

# Land Use and Climate Change: Corporations or Communities?

# Time to Choose

Is it possible to respect the rights and role of Indigenous Peoples, local communities and women in sustainable, climate friendly and resilient land use if climate finance is dominated by corporations? The event will address the impact of loans, Public Private Partnerships & offset proposals like ICAO-REDD+.

**Hosted by:** Global Forest Coalition, Friends of the Siberian Forests, Movement Strategy Center, Grassroots Global Justice Alliance & Transnational Institute
