**Moderators:** Axel Michaelowa, University of Zurich and Racquel Moses, Caribbean Climate-Smart Accelerator

**Date:** 15 November 2022 from 18:30-20:00, Room Akhenaten

#### Overview:

The role of **private and public climate finance for blending** with credit sales revenues as well as international development of specific **methodological tools to enable a rapid Article 6 implementation**, is crucial to enhance **capacity building to enable Article 6 implementation in SIDS**. The event aims to present and discuss different examples and tools on this matter, including **Dominica's National Financing Vehicle** as a pioneering example for SIDS financing and blending with Article 6 revenues, the **south-south Article 6 capacity building** on climate finance and the International Initiative for Development of Article 6 Methodology Tools (II-AMT).

**Anticipated Attendance:** 80-100

**Time available:** 90 min
