

## Enhancing Article 6 Readiness and Engagement: Challenges and Opportunities

3 June 2024 | 1015-1130 am

Bonn Room, World Conference Centre Bonn

Join us in an interactive session that outlines the activities and plans of the UNFCCC Secretariat to enhance the readiness and engagement capacities of Parties under Article 6.

Drawing upon the reported challenges faced by Parties and other stakeholders, UNFCCC Secretariat together with its Regional Collaboration Centres and other Partners, is developing a comprehensive capacity-building support programme.

This session will provide some updates on identifying the gaps, current and forthcoming initiatives – including through collaborations with other international partners.
