

Regional Alliances as Article 6 capacity building tools

Kaja Weldner, consultant, Perspectives Climate
Group

November 15, 2022

Side Event at COP27, Sharm el Sheikh

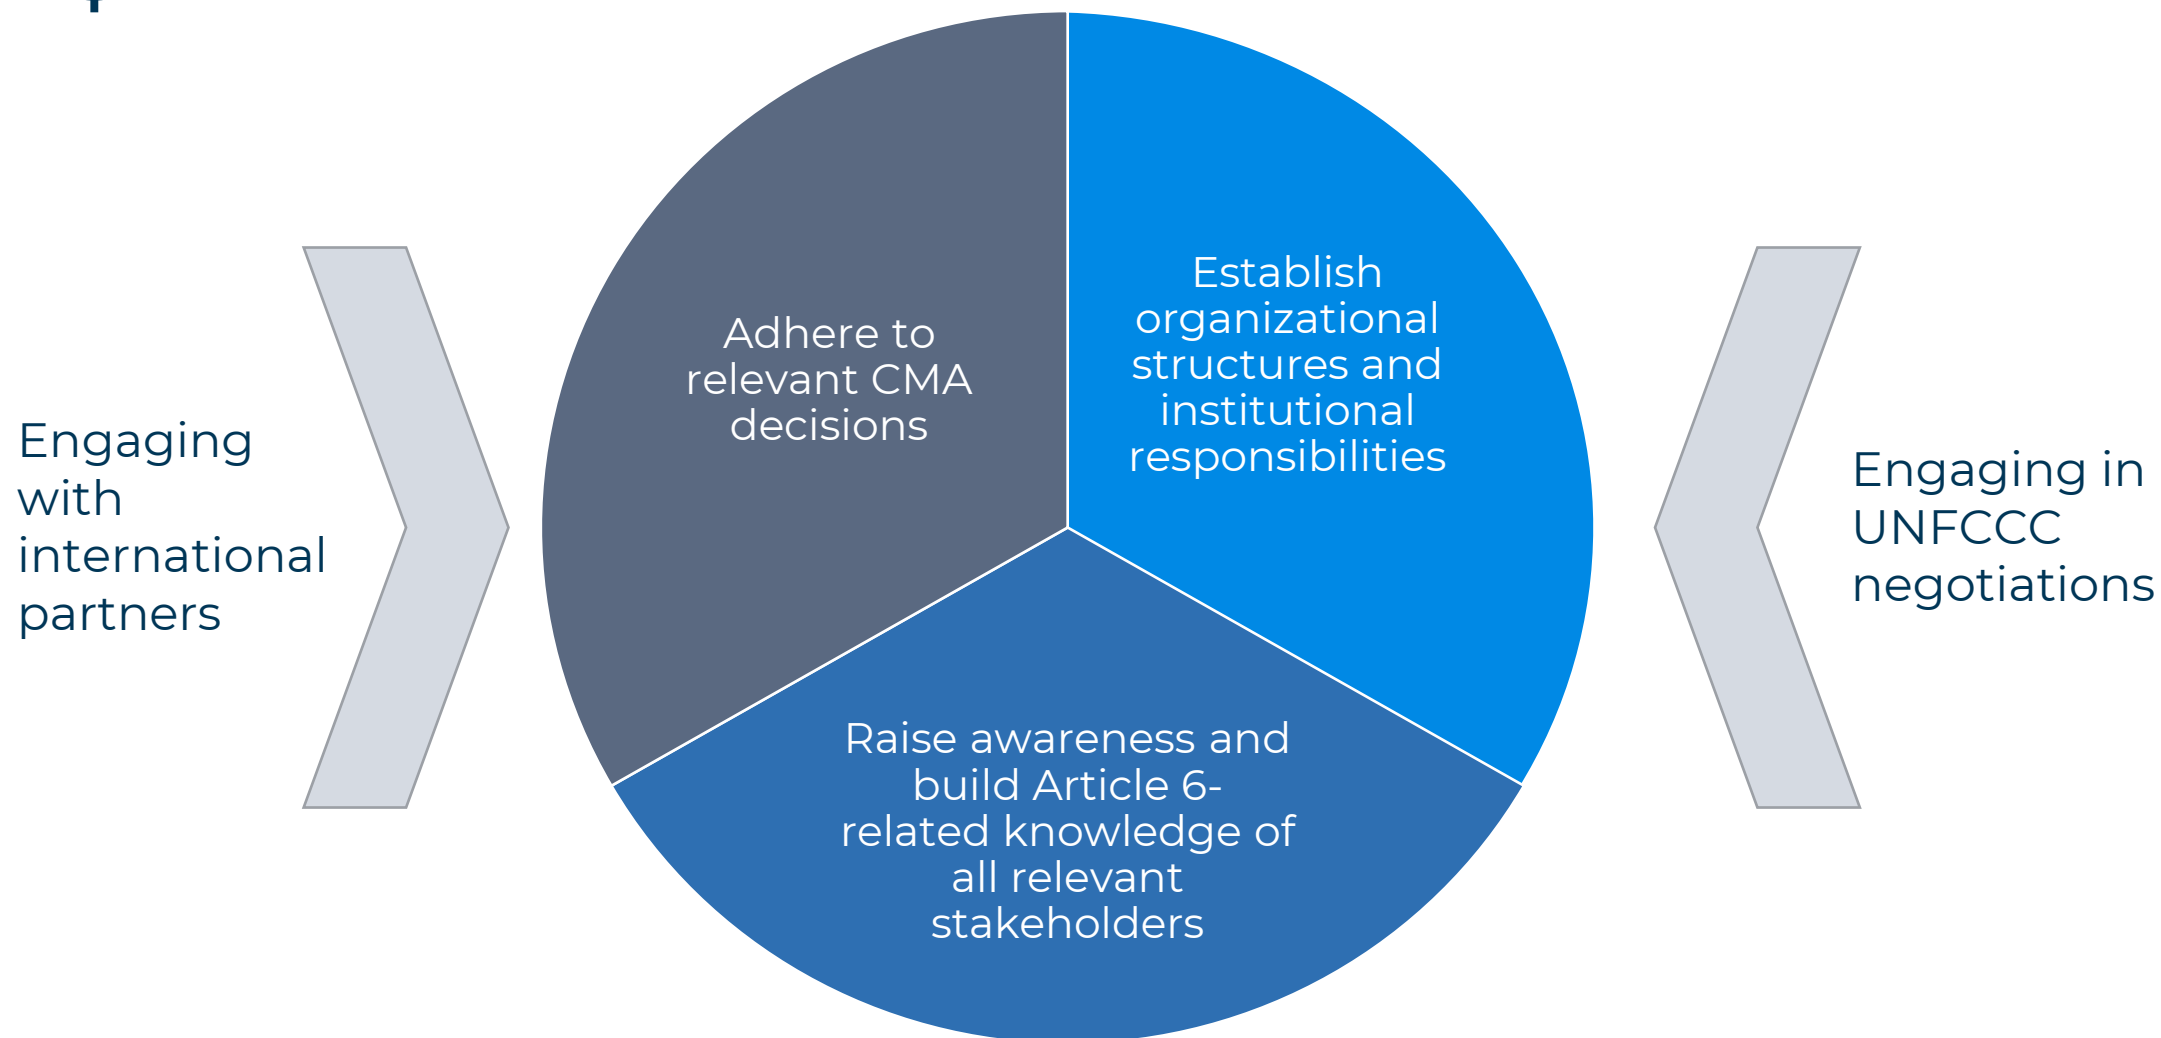

- What is Article 6 capacity building?
- How can regional Alliances build Article 6 capacity?
- Zoom in: West African Alliance
- Key take-aways

Article 6 Readiness

Having the **structure and knowledge basis** in place to **take full advantage** of market-based cooperation under Article 6

Regional Alliances...

...pool resources and knowledge and enable mutual learning.

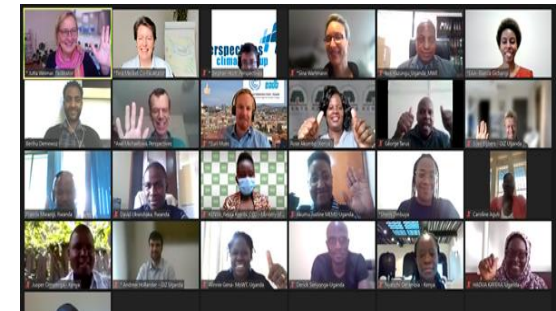

...raise awareness and momentum for Article 6 in the region

...facilitate outreach to international partners

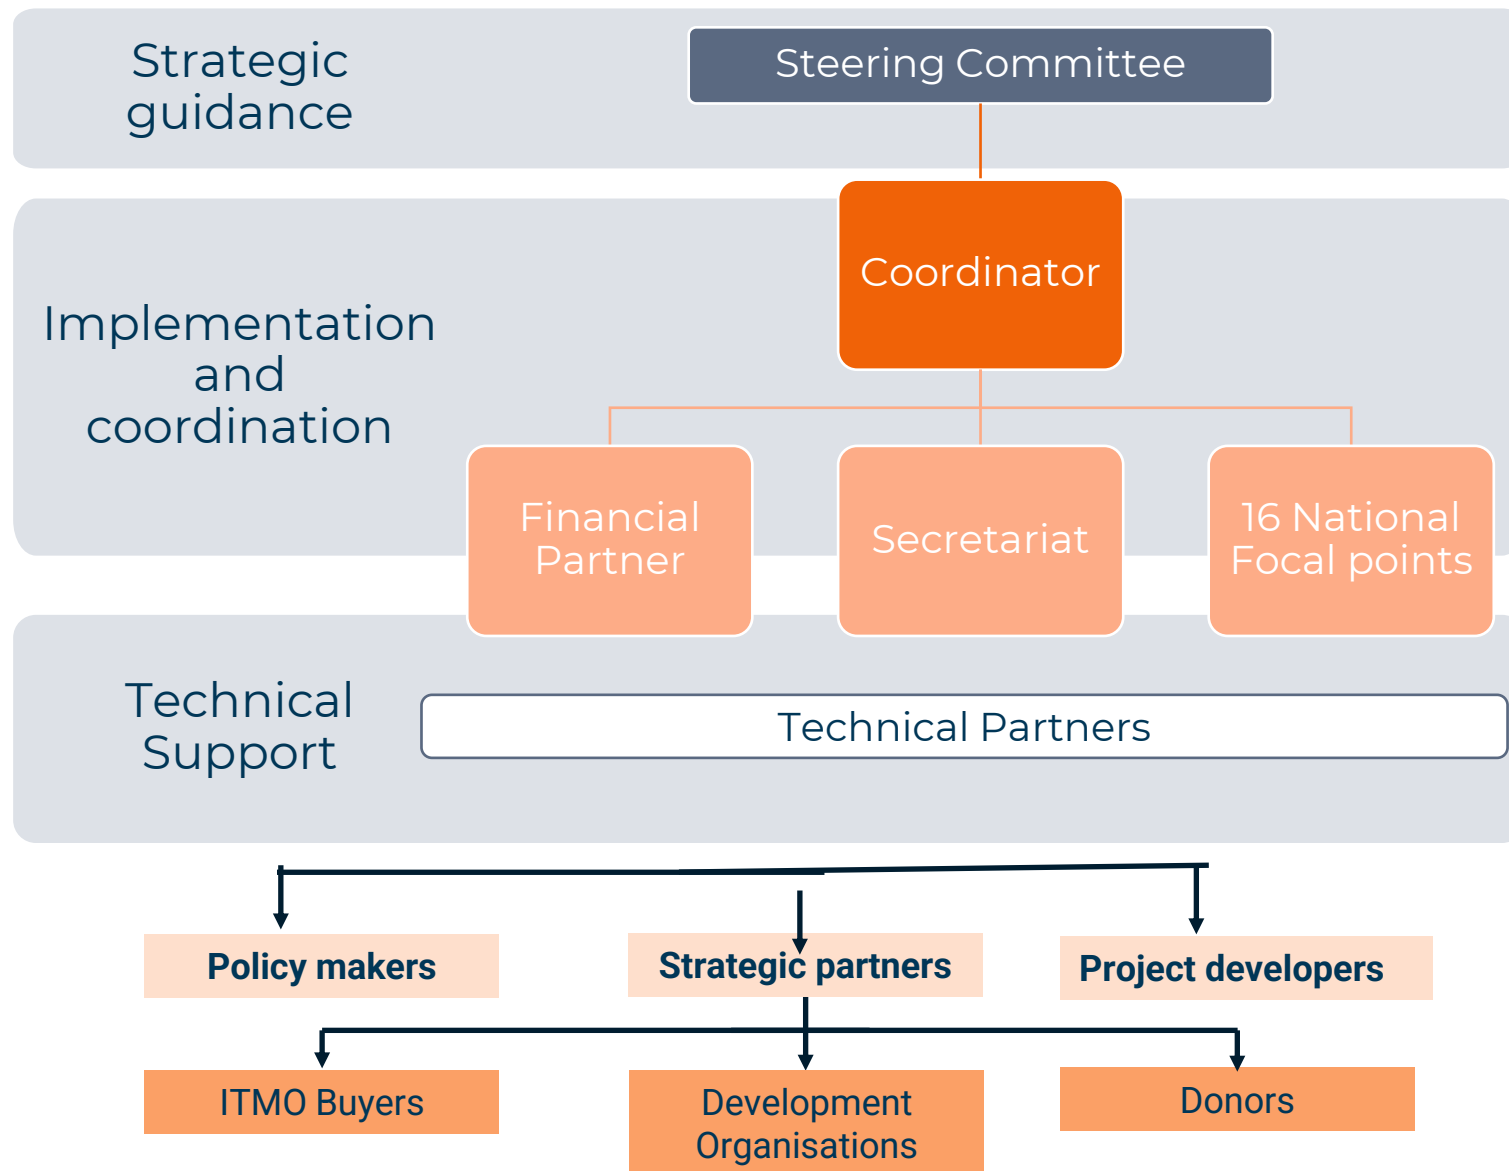

...enable effective participation in carbon market rule development

Zoom in: West African Alliance

Structure

Zoom in: West African Alliance

Activities

Blueprint Process

Regional Activities

- **Article 6 Readiness Blueprint**
translates Article 6 rulebook into manageable pieces of information
- **Workshop series**
To deepen the discussion on the elements and foster exchange

Tailored support to member countries

- Through “**Readiness Support Plans**” agreed with Article 6 Focal points in individual countries
- **Coordination with partners**
active in the country is a key element
