Unit, UNFCCC*

Participants

Getting the mix right

Part 2

Discussion on transforming the energy mix- government and business perspectives

Jonathan Pershing Delegation of US

Paul Watkinson Delegation of France

Halldor Thorgeirsson (Director, Implementation Strategy
Unit UNFCCC)

David Hone SHEL

Business GDF Suez, DNV, Statkraft et al

The driving force behind WBCSD

- The leading business organisation focused on sustainable development issues
- **Global CEO-led coalition** of some 200 international companies
- 37 countries and 22 sectors
- Members represent an estimated:
 - 15 million employees
 - 7 USD trillion annual revenues
 - 5 USD trillion market capitalization

(Source: Observatoire de la Finance, Geneva, May 2011)

Discussion: Challenges for decarbonizing the economy

- ✓ What are the three challenges from a government and business perspective on decarbonizing the energy mix?
- ✓ What are international dimensions and how can the UNFCCC support the transformation?
- ✓ What pathways need to be pursued between now and 2050?
- ✓ What should we do now?

Thank you
