

CTI PFAN – Filling the Financing Gap

Side Event

Organized by the International Center for Environmental Technology Transfer (ICETT)

Thursday 26th May 2016 13:15 - 14:45

Bonn, I/II

CTI PFAN will report on its recent successes in mobilising private sector financing, highlighting some of its recent projects in Africa and Asia and discussing some of the challenges and opportunities facing its efforts to scale up financing for low carbon and climate resilient projects.

13:15 -	Welcome and Introduction to CTI and CTI PFAN - Michael Rantil, - CTI PFAN Manager / Swedish Energy Agency
13:25 -	Keynote Address – Why is PFAN important and how can it make a difference - Russell Miles - Director Adaptation & Mechanisms Section, Environment & Climate Branch of the Australian Department of Foreign Affairs & Trade
13:35 -	Practical experience from the field – a view from Senegal - Elhadji Mbaye Diagne - Africa Lead Coordinator “Markets” / Member of the Senegalese National CC Committee
13:45 -	Where does PFAN go from here? Briefing on current activities and plans for future scale up - Peter Storey - CTI PFAN Global Coordinator
14:00 -	Q&A / Discussion moderated by Michael Rantil
