

A glass globe, representing Earth, is placed on a moss-covered log in a lush green forest. The background is a soft-focus view of trees and foliage, creating a serene and natural atmosphere. The globe is partially filled with water, and the forest scene is visible through it.

Questions

What opportunities and challenges your country sees for a smooth transition from the current monitoring, reporting and verification systems for developed and developing countries under the Convention to the ETF?

How do you plan to coordinate stakeholders' (national, sub-national, private) efforts related to your NDC preparation, communication and implementation with reporting of the BTR?
