

An aerial photograph of a dense Amazon rainforest. A dark, winding river flows through the lush green landscape, creating several meanders. The forest is thick with various shades of green, and numerous white, low-hanging clouds or mist are scattered throughout the canopy, particularly in the upper right and middle sections of the image. The overall scene is a vast, untouched natural environment.

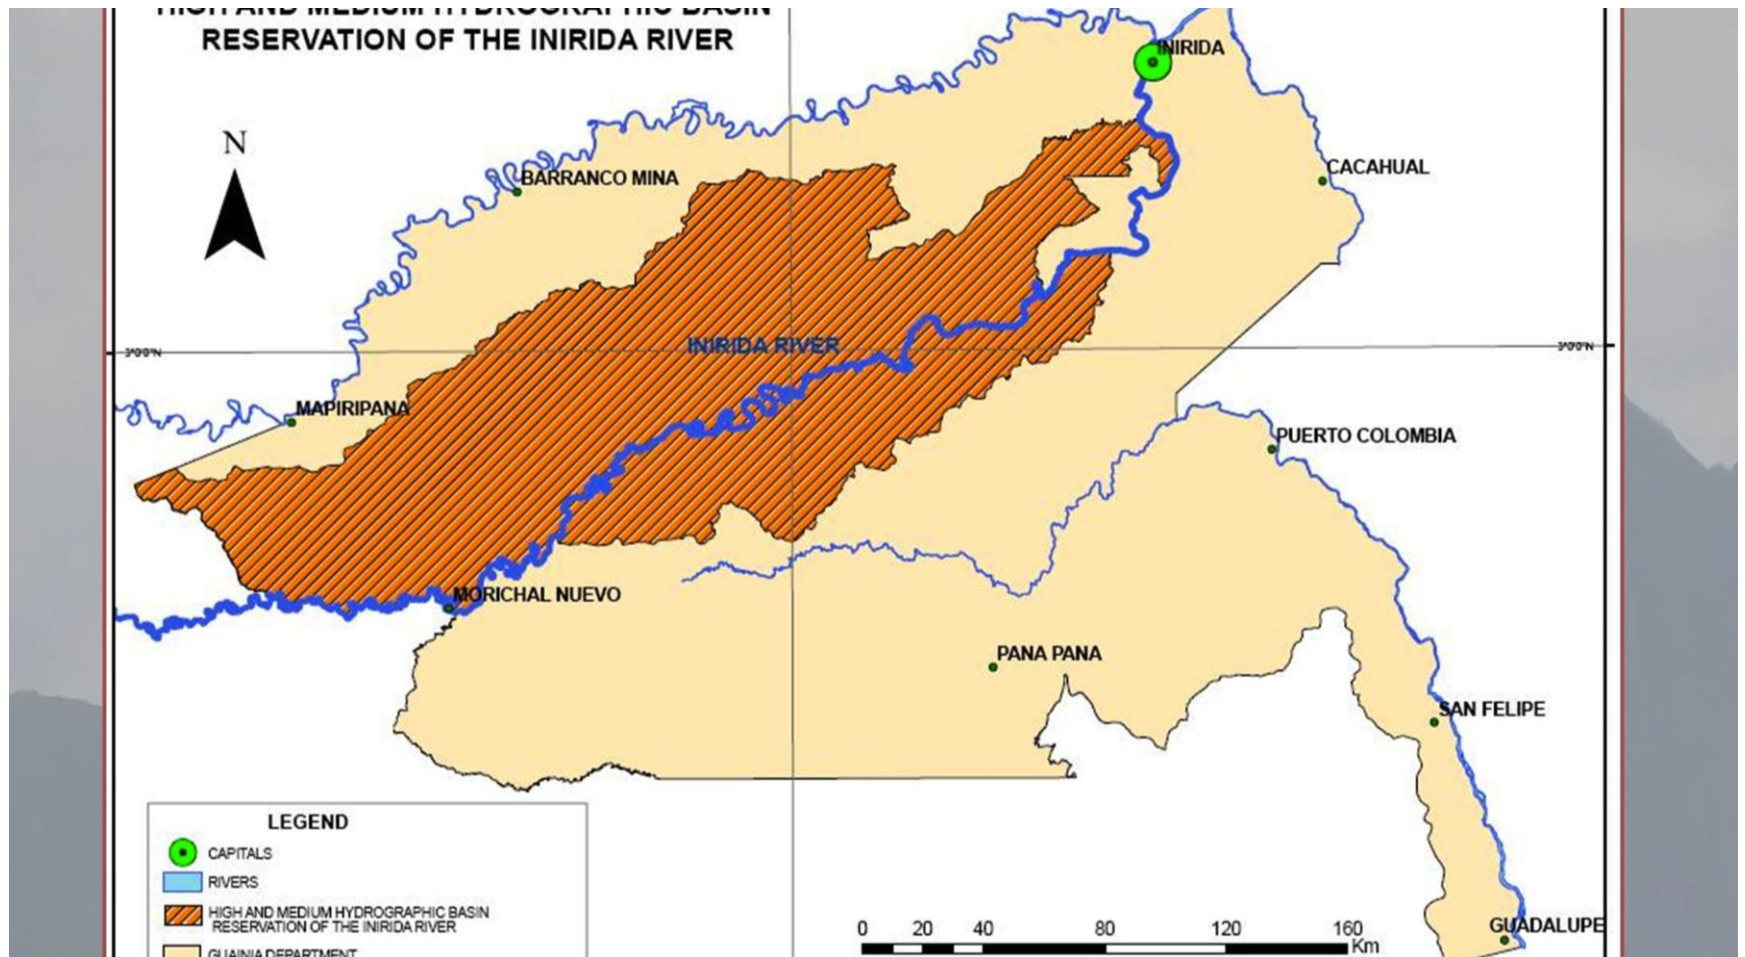

Proposal of Amazon Indigenous REDD+ in Guainía, Colombia

Diego Escobar
ASOCRIGUA – OPIAC – COICA

High and Medium Basin Reservation of the Inirida River

High and Medium Basin Reservation of the Inirida River

High and Medium Basin Reservation of the Inirida River

Lider indígena de la Comunidad de Zancudo
Pueblo Indígena Puinabe

A full-page background image featuring a vibrant sunset or sunrise. The sun is a bright, glowing orb positioned slightly to the right of the center, partially obscured by dark, heavy clouds. A brilliant, golden-yellow light reflects off the sun, creating a shimmering path down the center of a calm body of water in the foreground. The sky is filled with layers of clouds, some of which are illuminated from below by the sun, creating a dramatic interplay of light and shadow. The overall color palette is dominated by warm tones of gold, orange, and yellow, contrasted with the dark silhouettes of the clouds and the distant shoreline.

THANK YOU
