

Exploring Article 6 cooperation opportunities in the Maghreb & African region

Event description:

Morocco has been an early mover in the CDM and aims to become a leader in Article 6 activities. Ghana is also considered to be amongst the frontrunners in Article 6 cooperation. The side event will present Morocco's and Ghana's Article 6 strategy, their engagement in Article 6 pilots and discuss these with buyers of Article 6 credits. International organisations will present their initiatives to support seller countries in their aspirations to engage in Article 6 cooperation.

Hosts:

Government of Morocco and
Perspectives Climate Research

in cooperation with
