

Sustainable Development: Beyond Carbon

Marriott Hotel, Melbourne Australia

La Trobe Institute for Social and Environmental Sustainability

21 February 2012, 9 am to 4.30 pm

You are invited to 'Sustainable Development: Beyond Carbon', a business forum to bring together experts from industry and academia to provide insights into long-term improvements in social, environmental and institutional sustainability.

Organisations need to engage with broader issues than concerns about carbon emissions, contribute to a more sustainable society and environment, and maintain a social licence to operate.

Participants in 'Sustainable Development: Beyond Carbon' will:

- **discuss climate change responses in Australia and internationally**
- **consider broad approaches to sustainable development that go beyond the environmental issues**
- **develop partnerships between government, business and society.**

Who should attend:

Business, community/NGO and government leaders, policy makers, sustainability and corporate citizenship practitioners, human resource executives, business strategists

Key themes -

Social and environmental impacts of renewable energy and carbon

Business, human rights and links to community development

Partners
