

THE °CLIMATE GROUP

The Contribution of Subnational Governments to Closing the Mitigation Gap

UNFCCC COP18 side event | Wed 5th December 2012 | 16.45 - 18.15 |
Side event room 8

The Network of Regional Governments for Sustainable Development nrg4SD and The Climate Group TCG bring together leading subnational governments to showcase their policies and actions for overcoming political challenges behind mitigation; conducting consultations to identify the natural assets of their territories; and establishing partnerships between public administrations, the private sector and academia to accelerate progress. As well as Governors and Ministers from developed and developing subnational governments from across the world, private sector representatives with hands on experience on establishing successful public-private partnerships will actively participate in the discussions.

For more information please contact Maruxa Cardama mcardama@nrg4sd.org or Luc Bas lbas@theclimategroup.org
