

Non-Annex I – National Communications e-Network Platform

COP18 / CMP8 side-event

Doha, Qatar, 27 November 2012

Uazamo Kaura, Programme Officer

UNFCCC secretariat, Mitigation, Data and Analysis Programme

Introduction

❑ **The CGE is mandated by decision 5/CP.15 para. 2(a) to:**

- **Provide technical assistance to non-Annex I Parties (NAIP) for the regular development of:**
 - National GHG inventories
 - Vulnerability and adaptation (V&A) assessment,
 - Mitigation assessment
 - Research and systematic observation, education, training and public awareness, technology transfer and capacity-building.
- **To improve the accuracy, consistency and transparency of information in their national communications.**

❑ **The CGE updated its training materials** on national GHG inventories, V&A and mitigation assessments – available on the UNFCCC website:

(http://unfccc.int/national_reports/non-annex_i_natcom/training_material/methodological_documents/items/349.php)

Development of e-Network

❑ E-Network established to:

- Facilitate the sharing of information on the use of the updated CGE training materials (initially used at regional workshops);
- Web-based platform for network of experts to:
 - Exchange experiences on best-practices and lessons learned
 - Get the latest information related to the process of, and preparation of national communications of NAIP

❑ Deployment of the e-Network:

- From now on until full deployment in early 2013, only registered users will have access to the site
 - Registration to be done by sending an email to:
nai_nc@unfccc.int.

Welcome to the e-network platform for experts involved in the process of and preparation of national communications from non-Annex I Parties. This platform contains two functionalities: a discussion forum and a set/library of documents that are relevant for preparing national communications.

Discussion Forum

The forum is established to provide a platform to experts involved in the preparation of national communications to:

- Share their views and experiences;
- Ask questions to other experts or peers;
- Respond to questions, comments and experiences from the peers and experts;
- Share information and resources relevant to the preparation of national communications.

Library of documents

This is intended to facilitate experts involved in the preparation of national communications and biennial update reports from non-Annex I Parties by providing easy access to relevant documents on guidelines, methodologies and user manuals.

If you have any questions, please contact the UNFCCC secretariat at this email:
