

Post-2012 Market Mechanisms

Addressing design and governance challenges

Wednesday, 30 November 2011 2015 to 2145pm Blyde River Room, Hall 1-3, Durban Expo Centre

<u>Summary</u>

This side-event brings researchers and policymakers to explore the minimum principles, safeguards and governance models needed to establish effective, environmentally sound post-2012 market mechanisms, as well as the implications on a post-2012 carbon market.

<u>Chair</u>

Liva Andersone, European Commission, DG CLIMA

Presentations

- Incentives for mitigation investments Martin Cames, Öko-Institut, Berlin
- *Eligibility of sectors for new market based mechanisms* Axel Michaelowa, Center for International and Comparative Studies, University of Zurich and Perspectives
- Political Challenges of Establishing New Markets Sonja Klinsky, Climate Strategies, Cambridge UK

Panelists

- Erik Haites, Margaree Consultants, Canada
- Sandra Garavito Rojas, Ministry of Environment, Colombia
- Dicky Edwin Hindarto, National Council on Climate Change, Indonesia

Organisers

Joanneum Research, Climate Strategies and the Öko-Institut
