

Subsidiary Bodies, Thirty-fourth session, 6-16 June 2011, Bonn, Germany

## What do the 5th national communications of Annex I Parties reveal?

Side event

Wednesday, 8 June , 1:15 - 2:45

Room: Wind

National communications submitted by Annex I Parties are the main source of information for the implementation of the Convention and its Kyoto Protocol by these Parties. The secretariat has prepared the compilation and synthesis report of the most recent fifth national communication (NC5) and of the supplementary information related to the implementation of the Kyoto Protocol.

In the side event, the UNFCCC secretariat will highlight main trends in the development of the key issues, including strengthening of policies and measures, projections in meeting Kyoto target, provision of financial resources and capacity-building and facilitation of technology transfer to developing countries.
