

RESULT-BASED PAYMENTS FOR REDD+

Experiences and way forward

Result-based payments are a cornerstone of REDD+. So far, 39 countries have submitted reference levels (RLs) to UNFCCC. We discuss experiences with setting RLs and applying for result-based payments, and with performance-based finance, to meet climate change objectives. We examine key challenges, and opportunities for improvement.

Tuesday, 25 June 2019
15:00-16:30

Bonn Room
World Conference Center

cifor.org/gcs | worldagroforestry.org | wur.nl

Program

15:00–15:05h

Welcome remarks

Dr. Christopher Martius, CIFOR

15:05–15:45h

Presentations

Prof. Dr. Arild Angelsen, NMBU
Results-based payment: who should be paid and for what?

Prof. Dr. Daniel Mudiyarso, CIFOR
Incorporating Blue Carbon in REDD+

Dr. Lalisa Duguma, ICRAF
Prospects of performance based financing to promote ecosystem management

15:45–16:05h

Introduction of discussants

Dr. Ruandha Sugardiman, Director General for Climate Change, Ministry of Environment and Forestry, Indonesia

Country representative DRC

Country representative Ecuador

Country representative Peru

16:05–16:30h

Panel discussion

Moderator: **Dr. Peter A Minang**, ICRAF
