

# CITY-BUSINESS CLIMATE ALLIANCE

Accelerating climate action  
through city-business collaboration

C40  
CITIES

# LAUNCH VIDEO

The science is telling us we have to act urgently to significantly reduce emissions to 45% by 2030 and achieve net zero by 2050 if we are to successfully adapt to climate change.

In response, cities are stepping up their actions, declaring climate emergencies and reinforcing this with net zero carbon commitments. But cities cannot achieve the required emissions reductions alone.
