**Presentation for
COP-11**

**Montreal, Canada
November 30, 2005**

USAID
FROM THE AMERICAN PEOPLE

USAID's Development Mission

- Create a more secure, democratic, and prosperous world for the benefit of the American people and the international community.
- Pressing needs: avian flu, AIDs, malaria, hunger, disaster response
- Climate change is a linked set of development challenges: energy for development, poverty reduction, technology deployment, mitigation and adaptation

USAID
FROM THE AMERICAN PEOPLE

Mitigation

USAID
FROM THE AMERICAN PEOPLE

Methane to Markets

USAID
FROM THE AMERICAN PEOPLE

Carbon Sequestration

USAID
FROM THE AMERICAN PEOPLE

Adaptation

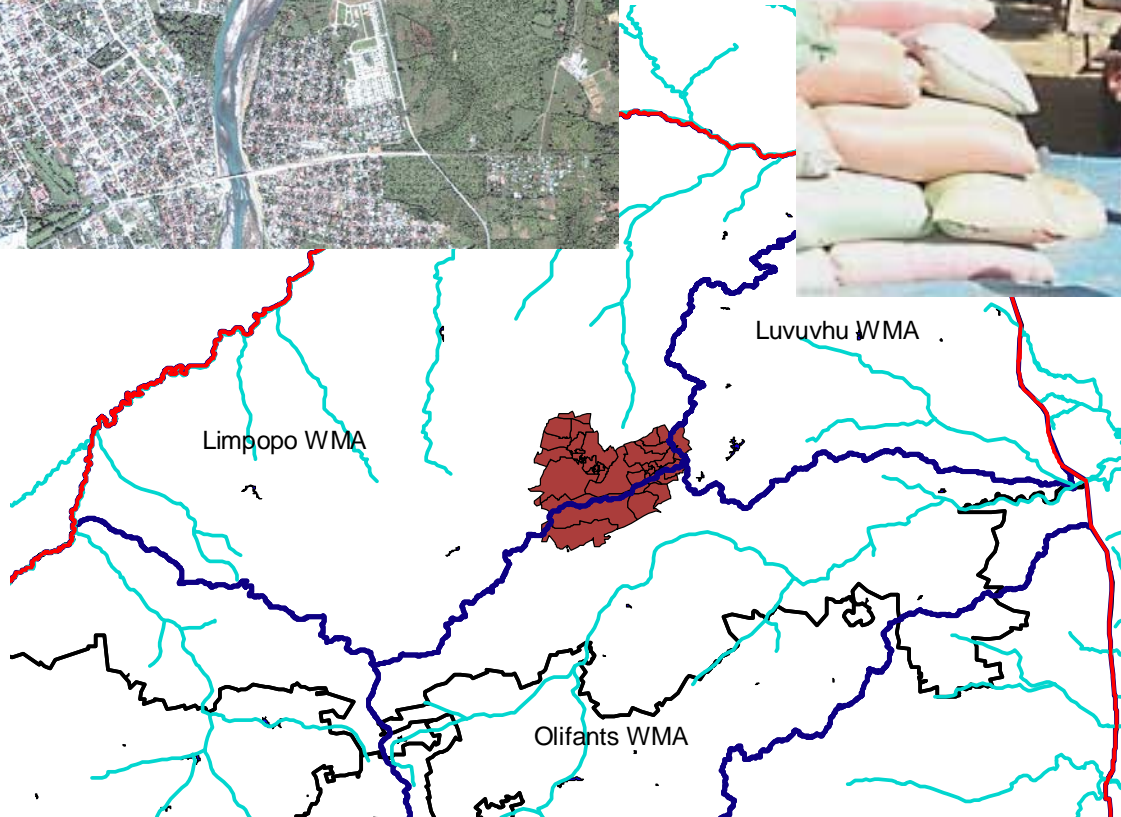

- Economic development contributes to resiliency to climate variability and change
- Developing a guidance manual for project developers – “How To” incorporate climate considerations into development projects
- Adaptation pilot projects
- Agriculture research
- Early warning systems
