About

A record number of investors are setting net zero goals. Hear from senior representatives of the Investor Agenda alongside asset owners, asset managers, and investor networks at the 27th United Nations Climate Change Conference (COP27) as they explore how Investor Climate Action Plans (ICAPs), engaging companies on transition planning, and enabling policy frameworks in line with 1.5°C can help make net zero investment portfolios a reality.

Co-hosted by [Asia Investor Group on Climate Change \(AIGCC\)](#), [CDP](#), [Ceres](#), [Investor Group on Climate Change \(IGCC\)](#), [Institutional Investors Group on Climate Change \(IIGCC\)](#), [Principles for Responsible Investing \(PRI\)](#) and [United Nations Environment Programme Finance Initiative \(UNEP FI\)](#).
