

1.5°C

from a community perspective

Reaching the global 1.5°C target in the land use sector will have significant impacts on the rights, needs and aspirations of Indigenous Peoples, local communities and women on the ground. This event will discuss the impacts of options like BECCS, large-scale biosequestration and shifting diets.

**Wednesday 5th Dec.
16:45—18:15
Room Warmia
UNFCCC COP24**

Speakers include:

Hindou Oumarou Ibrahim (Association des Femmes Peules Autochtones du Tchad); **Edna Kaptoyo** (International Alliance of Tribal and Indigenous Peoples of the Tropical Forest); **Dil Raj Khanal** (Federation of Community Forestry Users Nepal); **Kwami Kpondzo** (Les Amis de la Terre Togo); **Souparna Lahiri** (All India Forum of Forest Movements/GFC); **Caroline Wimberly** (Brighter Green) **Christoph Thies** (Greenpeace, TBC) **Facilitator: Coraina de la Plaza** (GFC)
