

How to raise ambition?

New research on deepening emission cuts and enhancing economic opportunities

We explore the scope of advanced mitigation measures to deepen near term emission cuts and better align global emissions with the 1.5°C limit based on latest results from mitigation scenario modelling. This is complemented by perspectives on facilitating deep decarbonisation in Brazil, India and the EU.

Speakers: Ottmar Edenhofer, Elmar Kriegler, Jessica Strefler & Nico Bauer (PIK), Kelly Sims Gallagher & Easwaran Narassimhan (Tufts University), Natalie Unterstell (Instituto Talanoa), Detlef van Vuuren (PBL)

Saturday, 2 December 2023, 6:30—8:00 PM, SE Room 5

Livestream: <https://www.youtube.com/watch?v=vGcN2pnqlvk>

How to raise ambition?

New research on deepening emission cuts and enhancing economic opportunities

Saturday, 2 December 2023, 6:30—8:00 PM, SE Room 5
Livestream: <https://www.youtube.com/watch?v=vGcN2pnqlvk>

- Welcome (Elmar Kriegler, PIK)
- Introduction (Ottmar Edenhofer, PIK)

Research presentations

- The scope for accelerating action (Jessica Strefler, PIK)
- Industry decarbonization (Nico Bauer, PIK)
- Decarbonising the transport & buildings sector (Detlef van Vuuren, PBL)
- Green industrialization policy (Kelly Sims Gallagher, Tufts)

Regional perspectives

- India (Easwaran Narassimhan, Tufts)
- Brazil (Natalie Unterstell, Talanoa)
- EU (Ottmar Edenhofer, PIK)

Q&A and discussion with panel
