

IPCC Side Event

2006-2016: 10 years of the 2006 IPCC Guidelines Way forward to support the Paris Agreement

Friday, 20 May 2016, 13:15-14:45, Bonn III

The methods, knowledge and science on GHG emissions and removals are constantly increasing. A better understanding and a more accurate estimation of national GHG inventories is important. Possible methodological support to help implementation of the Paris Agreement will be discussed.
