

UNFCCC SIDE EVENT

Moving Towards the Enhanced Transparency Framework

At

COP 25 IN MADRID SPAIN

Dr. Yerima P. Tarfa
Director/UNFCCC Focal Point Nigeria
December 2019

National Barriers/ Challenges of MRV

- Limited access to National Data
- Lack of adequate capacity among primary data providers across the 36 states of the nation
- Institutional memory
- Lack of capacity among relevant data processing MDAs
- Lack of legal Act bidding MDA
- Lack of National technical Experts
- Funding to Training Desk officer across MDAs
- Weak institutions
- Ad – hoc/ informal institutional arrangement

How to coordinate Stakeholders on BTR

- Creating an enabling environment for enhanced transparency across all level of governance
- Strengthening institutional capacities for MRV of climate information
- Instituting National Climate Registry to share relevant information in a transparent manner
- Providing a legal bidding act among relevant MDAs
