

# #Together4Transparency

8 - 17 November 2022, Sharm el-Sheikh, Egypt

United Nations  
Climate Change

COP27  
SHARM EL-SHEIKH  
EGYPT 2022

**“Together4Transparency” unites stakeholders involved in supporting the transition from the existing reporting and review arrangements to the Enhanced Transparency Framework (ETF) of the Paris Agreement.**

This 2-week series of events cover a range of transparency issues – from achievements made over the past 30 years, to showcasing successes and best practices, and paving the way for the full implementation of the Paris Agreement.

At COP27, we invite all stakeholders to join us in celebrating the history of transparency as we move toward universal participation in the ETF. Events will be organized in three tracks:

## TRACK 1

An evolving  
transparency  
landscape

## TRACK 2

Transparency  
perspectives

## TRACK 3

Catalysts for  
developing country  
implementation

***Join us and let's work  
#Together4Transparency!***

### Key Events

**Opening ceremony: #Together4Transparency events**

Tuesday 8 November 10:00 - 11:00

Capacity Building Hub

**High-Level Event on Transparency**

# TRANSPARENCY UNDER THE PARIS AGREEMENT

---

Support for Preparing Information  
for Adaptation Reporting

09 November 2022

Kelsey Harpham

Alliance for Global Water Adaptation (AGWA)

**United Nations**  
Climate Change Secretariat

## Supporting critical adaptation skills:

Conduct and  
report on  
vulnerability and  
adaptation  
assessments

Monitor,  
evaluate, and  
report on  
adaptation efforts

Access Relevant  
Finance

Implement  
national  
adaptation  
actions

*Transparency plays a key role in  
clarifying and tracking progress  
towards NDCs and in facilitating  
ambition mechanisms*

Rooted in a water-centric approach:  
Water as a means for a more  
systematic, de-siloed approach to  
national climate planning

# CASTT Adaptation Academy Training Program

United Nations  
Climate Change Secretariat

- Part of UNFCCC CASTT initiative with Consultative Group of Experts (CGE)
- In-depth training on adaptation assessments to enhance transparency & reporting

**The Audience :** National climate focal points and ministerial representatives from developing countries

## The Model

- No-cost, multi-week training
- Expert guest lecturers from UNFCCC, academic/research orgs, NGOs, etc.
- Peer-to-peer learning, building an NDC community of practice

## Partners

**#Together4Transparency**

8 - 17 November 2022, Sharm el-Sheikh, Egypt

United Nations  
Climate Change

**COP27**  
SHARM EL-SHEIKH  
EGYPT 2022

# Results to Date

## 2021 Programming

- Three regional courses
- Virtual, condensed one-week format
- 400+ applicants
- 95 participants
- 70 countries represented

## 2022 Programming

- Three-week, in-person training @IHE Delft in the Netherlands
- 200 applicants
- 25 selected participants
- 23 countries represented

*“I’m extremely grateful to [have] had the opportunity to be part of UN Climate Change CASTT Adaptation Academy Course on Climate Change and Adaptation... Climate adaptation must be prioritized because the effects of climate change are becoming stronger and more frequent by year; thus, this course helps us in building capacities within countries to better prepare ourselves and develop proper adaptation plans.”*

-Mabel Zuñiga, Panama, 2022 Participant

**#Together4Transparency**

8 - 17 November 2022, Sharm el-Sheikh, Egypt

United Nations  
Climate Change

**COP27**  
SHARM EL-SHEIKH  
EGYPT 2022

United Nations  
Climate Change Secretariat

I am confident that the knowledge acquired during each of these training sessions will be helpful to participants' home countries – that it will help them meet the ambitions of the Paris Agreement, its associated NDCs, and other climate commitments."

-Ovais Sarmad, UNFCCC Deputy Executive Secretary
