#BonnFiji First Partners Meeting

Paris, France, December 13th, 2017 Kwerk Haussmann, 29-31 rue de Courcelles, 75008 Paris

We are delighted to invite You to attend the first Partners Meeting of #BonnFiji which will be held in Paris on Wednesday 13th of December, 2017. The meeting is organised in the margins of the One Planet Summit and is a follow up from the successful #100actions4the planet, the climate and the people we organized at the Fiji Zone (BonnLAB) as #BonnFiji team during the 23rd United Nations Climate Change Conference (COP 23) last November.

- From #BonnFiji at COP 23 to a Citizen-driven SDGs Action Network!

As the world has embarked in an unstoppable journey to tackle climate change and realize the Sustainable Development Goals (SDGs), the necessity to organize the first #BonnFiji gathering was raised right after COP 23. As a result, we invite Your organization to attend the first Partners Meeting which is expected to be as a kick-start of this global movement. Around ten (10) participants are expected to join the meeting whose objectives are to:

- Bring together pioneer organizations from across the globe which will become the first #BonnFiji partners and members of the Citizen-driven SDGs Action Network;
- Present the #BonnFiji vision from 2018 to 2030 (short, mid and long terms), and start initial discussions about activities planned for 2018 and at COP 24 in Katowice;
- Discuss the establishment of the #BonnFiji Citizen-driven SDGs Action Network which will mobilize billion of citizens to drive the SDGs and achieve them by 2030;
- Engage in a constructive dialogue about how #BonnFiji's can create collaborative efforts to transform 7 billion people's lifestyles into sustainable ones with partners;
- Formalize the first #BonnFiji partnerships with organizations attending the meeting.

- Join the #BonnFiji Citizen-driven SDGs Action Network now!

In our short term vision, we plan that #BonnFiji connects 34 Partners from around the world which have participated to COP 23.

The **#BonnFiji Citizen-driven SDGs Action Network** aims to serve as a global movement providing a digital and collaborative initiative which is using social media, interactions, campaigning actions, networking and other opportunities around joint activities and campaigns on the SDGs. We would like Your organization to become part of this, with the opportunity to be one of the first partners we will work with and support. Because #BonnFiji partners constitute a key asset for a turning moment for achieving the SDGs, we highly believe in Your role here!

The preparation of the #BonnFiji initiative is an ongoing process since November 2016. It took us many weeks and other resources to get to this point. If You would like to support our young and passionate work, and if You believe in this global movement, we would appreciate if You check out our crowdfunding: <u>https://www.startnext.com/cop23-bonnfiji</u>

Don't hesitate to confirm Your attendance to the meeting, and to let us know if You have any question.

We look forward to meeting You and working with You!

The #BonnFiji Team
