Overseas Environmental Cooperation  
Center, Japan (OECC)

### Discussion from a Recent MOEJ Workshop on New Mechanisms

Quoted from Presentation by Dr. Doddy Sukadri,  
Indonesia's National Council on Climate Change

Interactive discussions among stakeholders to jointly  
create new market mechanisms

# New Mechanisms Information Platform

New Mechanisms Information Platform was established by the Ministry of the Environment for disseminating useful information regarding New Market Mechanisms to address climate change. It includes proposed bilateral mechanisms, NAMAs, REDD, and other key areas. Also, the information inquiries into Japan's relevant policies and support programmes, as well ways to start with collaboration with Japanese stakeholders for mitigation actions.

**Information Updates**

- 31 May 2011: Some documents have been updated. Please refer to links with the "new" tag below.

- 01 Apr. 2011: English webpage launched.

**Japan's Policies and Activities on New Mechanisms**

- Submissions from Gov't of Japan

**New Mechanisms Express**  
Promoting New Market Mechanisms for Climate Change Mitigation

**MOEJ Measures on New Market Mechanisms on 17.2.2011**

MOEJ has announced its support for the promotion of new market mechanisms for climate change mitigation. The measures include the following:

- MOEJ will support the promotion of new market mechanisms for climate change mitigation through the provision of technical assistance and capacity building to developing countries.
- MOEJ will support the promotion of new market mechanisms for climate change mitigation through the provision of financial assistance to developing countries.
- MOEJ will support the promotion of new market mechanisms for climate change mitigation through the provision of information and communication support to developing countries.

**Information Available**

- Japan's Policy on "Bilateral Offset Credit Mechanisms(BOCM)"
- Support Programmes (Capacity-Building, Feasibility Study etc)
- Useful Experiences for MRV, such as J-VER, and J-VETS along with ISO
