Transfer of Innovative Renewable Energy Technologies: Experiences of German Companies with CDM / JI

Germany is home to many companies specialised on renewable energy sources. Many of these companies are exporting their technologies to potential CDM and JI host countries or have already managed CDM and JI-projects. Three companies will present experiences and "lessons learned" from these projects.

Monday, 22 May 2006 from 18.00 - 20.00 h

followed by a
Reception

organised by the
German Ministry for the Environment, Nature Conservation and Nuclear Safety
and the
Ministry of Economic Affairs and Energy of the State of North Rhine-Westphalia

The Speakers:

- **North Rhine-Westphalia's Renewable Energy Policies**
Dr. Volkhard Riechmann, Head of Energy Division, Ministry of Economic Affairs and Energy of the State of North Rhine-Westphalia
- **German Activities on CDM / JI – Current Status**
Sonja Butzengeiger, German Ministry for the Environment
