

A Systematic Approach to Address Climate Change in Kenya

Kenya National Climate Change Action Plan

MINISTRY OF ENVIRONMENT AND MINERAL RESOURCES

INTRODUCTION

- Kenya launched a National Climate Change Response Strategy (NCCRS) in December 2009.
- The NCCRS:
 - Provides a framework for addressing threats of climate change as well as taking advantage of any opportunities that may arise.
 Provides the means to actively engage in inneutive processor.
 - Provides the means to actively engage in innovative processes necessary to address climate change.
 - □ Is the **key government climate change agenda guide**.
 - □Informs nationwide Climate Change programmes and activities (in line with Constitution of Kenya 2010), including efforts towards the attainment of MDGs and Kenya Vision 2030.

NCCRS Action Plan

- The Action Plan process is spearheaded by the GoK in collaboration with the private sector, the Civil Society; and with support from development partners.
- Objective = To operationalise the Kenya National Climate Change Response Strategy (NCCRS).
- Has nine interrelated subcomponents.

Status of the Action Plan subcomponents

Conclusions

- The operationalisation of the NCCRS through the preparation of the Action Plan is a priority for Kenya.
- The Action Plan process involves Kenya's major stakeholder groups (GoK Ministries/institutions; CSOs; Private Sector).
- Once the Action Plan is ready, the eight operational subcomponents will be cascaded into the relevant sectors of the economy and identify funding sources for implementation.
