

## Out of Hunger, into Resilient Livelihoods

## People-centred Strategies for Food Security & Natural Resource Management

**WHEN:** Monday 13 June, 2011, 13.15 – 14.45 **WHERE:** Wind

Please join **WFP** and **IFOAM** in a discussion moderated by **Dr. Yemi Akinbamijo**, Head of the Agriculture and Food Security Division of the **African Union**. The session will focus on highlighting priorities and needs of poor, vulnerable and food insecure people living under increasingly harsh climatic conditions.

The discussion will bring together technical practitioners, policy-makers and government negotiators to understand what “building resilience” means to food insecure rural people and which approaches to natural resource management, food production and livelihood enhancement are sustainable and “pro-poor”.
