# New Mechanisms Information Platform

### http://www.mmechanisms.org/e/

The New Mechanisms Information Platform (NMIP) was launched in 2011 as a one-stop portal to gather <u>JCM information</u> of partner countries and release recent initiatives of Japan.
 The NMIP also welcomes questions and comments from international stakeholders, including those who are interested in conducting mitigation activities using the JCM.

**Contents** Latest information on the JCM, such as:

basic concept of the JCM,
JCM partner countries,
projects/methodologies,
support programme by the Govt. of Japan,
list of selected projects/studies,
current discussion in UNFCCC,
events/seminar, etc.
