

International **Youth**

Side Event

Friday 10 June

20.00 - 21.30

Rail Room in Ministry of
Transport

International Youth :
Education, Skills-Sharing and
Mobilisation in 2011

Come along for a chance to find out about **global youth campaigns** on climate change this year and about how we can work together better.

We'll have young leaders from **350, Push Europe** and the **Plant for the Planet** project in Africa... and more.

And after we've finished you can join us as we relocate to a nearby pub to continue the discussion.
