

## **Side Event**

**Thursday, 17<sup>th</sup> May  
20:00-21:30**

**Room: SOLAR (MoE)**

### **Addressing the Drivers of Emissions from Deforestation and Forest Degradation**

Governments and NGOs present experiences and recommendations for addressing drivers of deforestation, with examples from Cambodia, Brazil and India.

Discussions will include low emissions development strategies, land use planning, leakage prevention and legal production of commodities.

**Speakers:** Government of Cambodia, Conservation International, Environmental Defense Fund, National Wildlife Federation, the Royal Society for the Protection of Birds and Union of Concerned Scientists.

Food and drinks provided!
