

Farmers Driven Climate Change Agenda

Voices of the Farmers experiencing Climate Change

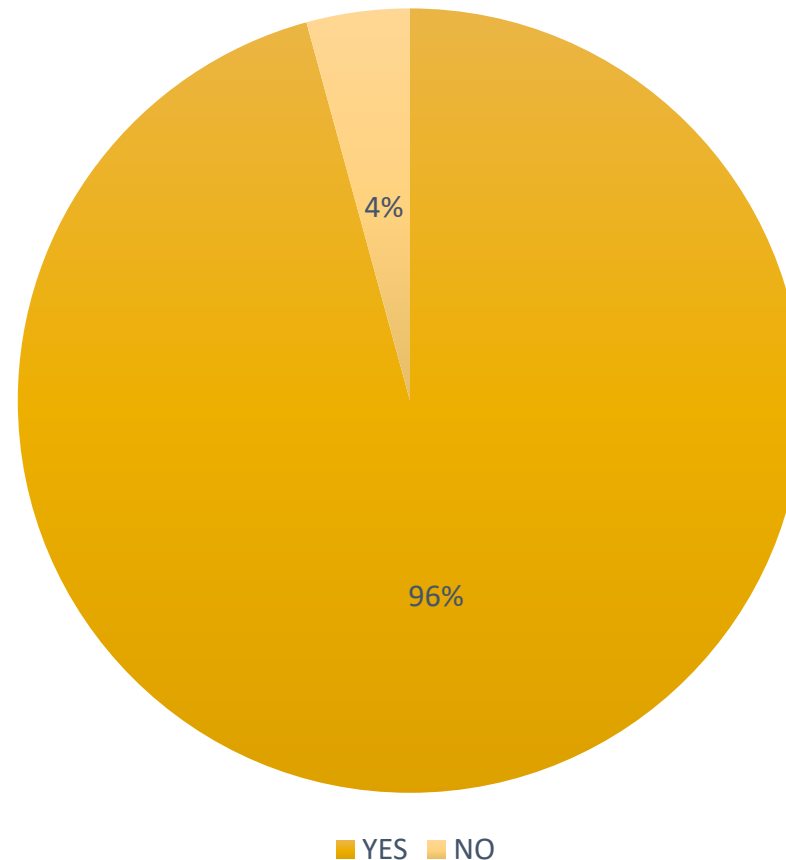

The Climakers Survey: about the respondents

- 100 farmers
- from 50 countries;
- 75% under 40 years old;
- 25% women;

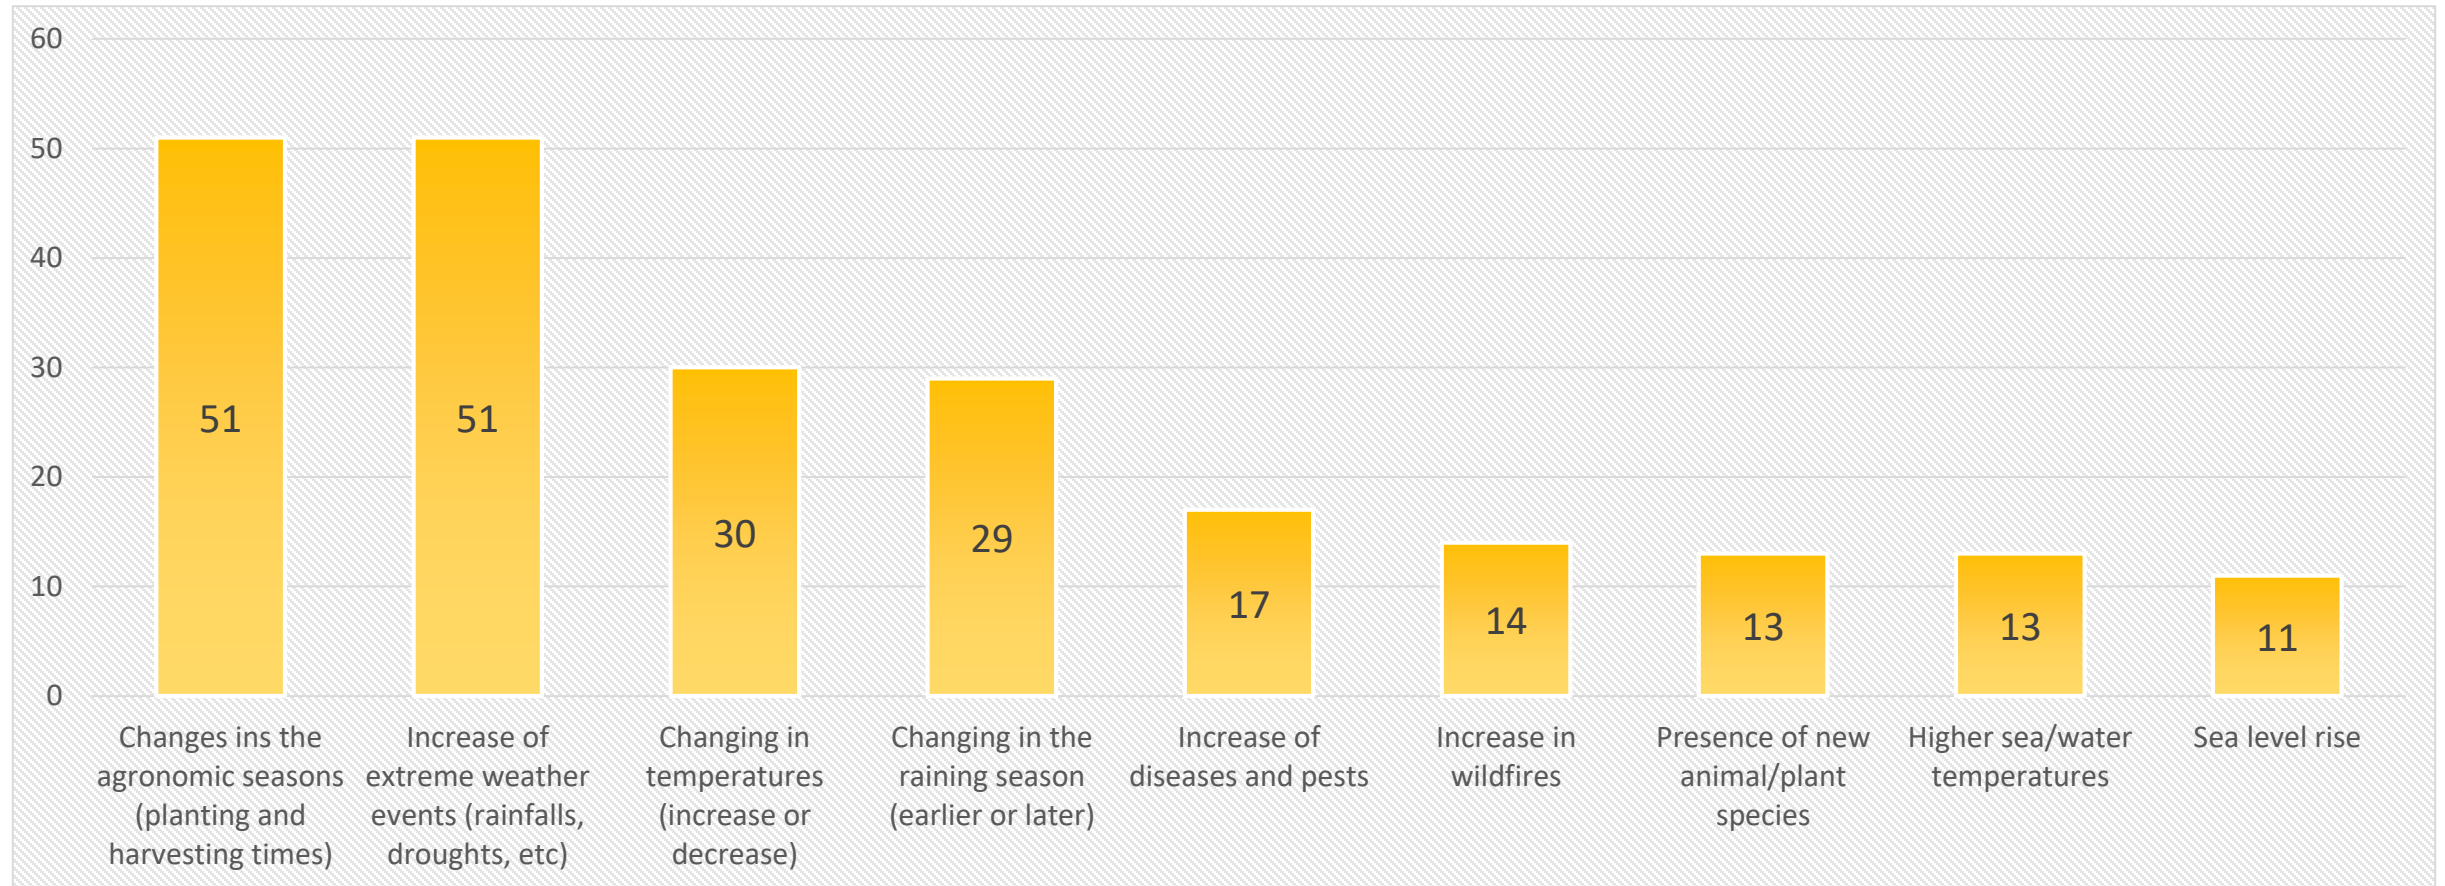

Perception of Climate Change

“Have you experienced any change in the weather patterns in the last 10 years?”

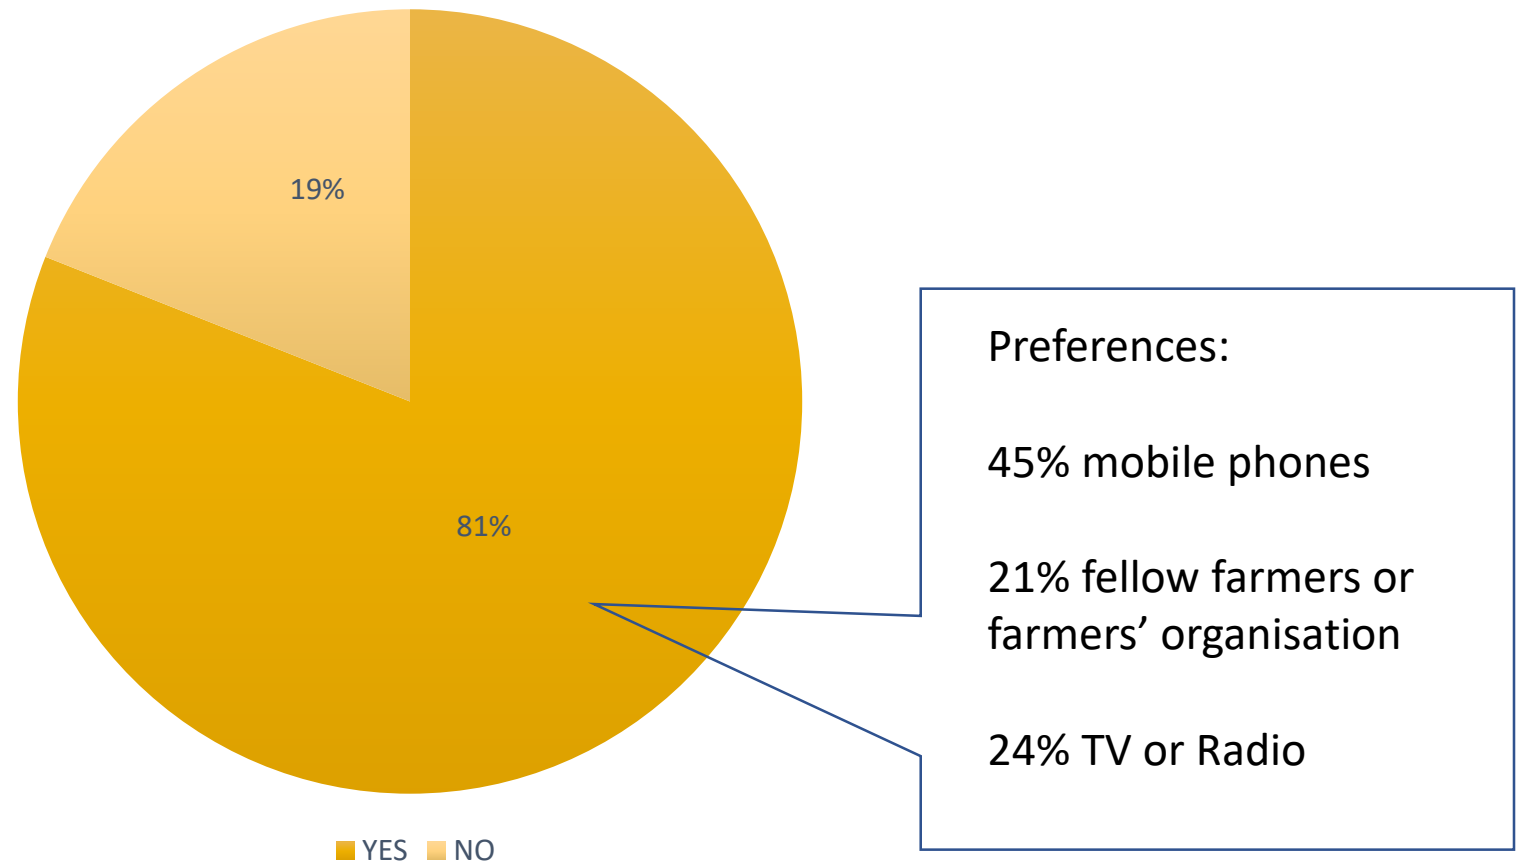

What changes have you experienced?

(% - multiple choices available)

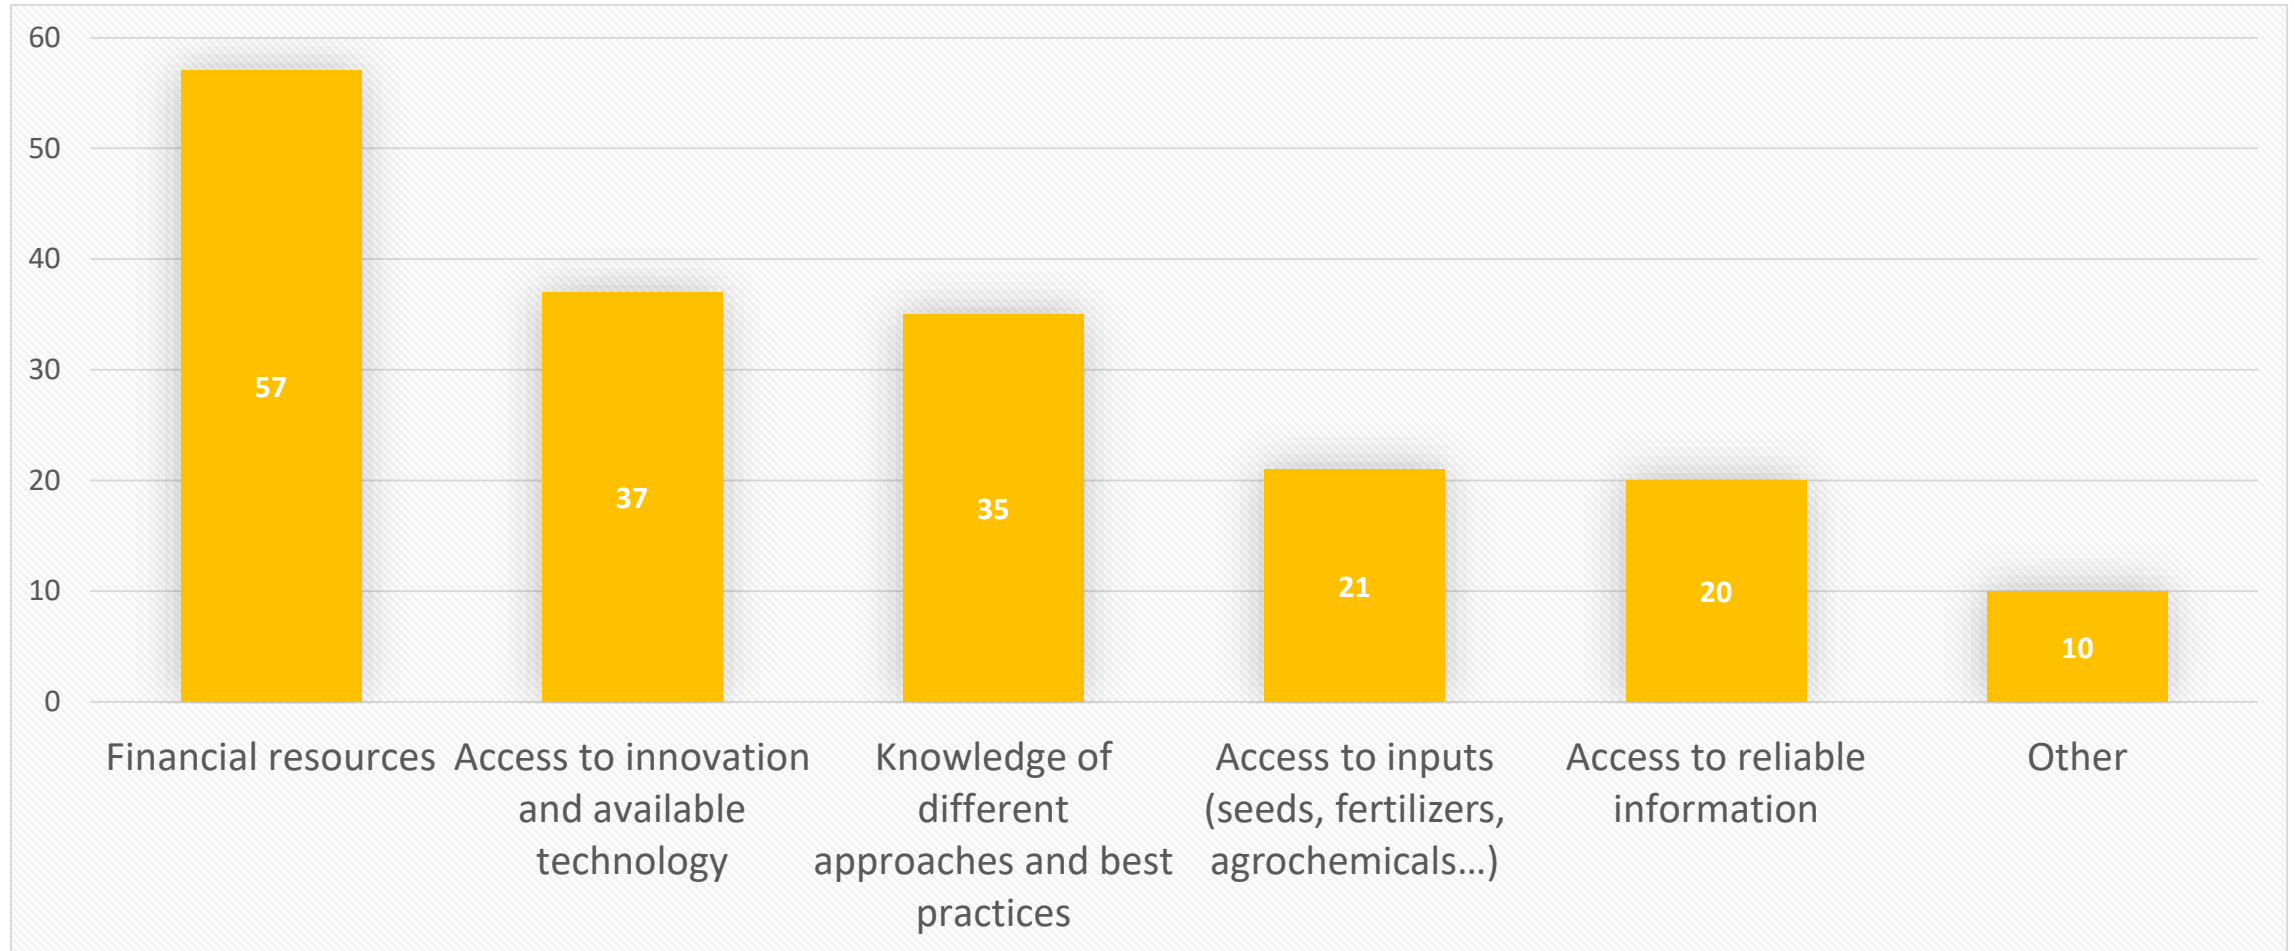

“Do you wish to receive support through extension services to deal with the changes?”

Main barriers to adopting climate-smart agricultural practices

(% - multiple choices available)

A tilted image of a survey form titled "The Climakers - Farmers' Survey". The form includes a header with the logo and title, followed by a "Required" section for "Email address". Below this is a "PERSONAL INFORMATION" section with fields for "Name and Surname", "Age", and "Level of education (highest obtained)". Each field has a "Your answer" label and a text input area.

Are you a farmer?

Tell us more about YOUR experience and what YOU need and expect!

The survey and the case study collection

are still OPEN until October 31st, 2020

www.theclimakers.org

In the next two years, until COP27,
we expect to achieve ambitious results:

- ❑ Reaching out to 3 billion farmers;
- ❑ Building capacity on climate policies for more than 2 billion farmers;
- ❑ Supporting at least 50 Governments in the preparation of their NDCs;
- ❑ Supporting at least 30 countries on food system transformation efforts;
- ❑ Encouraging COP countries to adopt sustainable mitigation and adaptation initiatives;
- ❑ Widely contributing to the implementation of SDG13 of the 2030 Agenda for Sustainable Development.

We need **ambitious partners** for a **very ambitious initiative**:

2M€ are needed from now until COP27 to finalize the Farmers' Driven Climate Change Agenda

Make the right Choice!
Stand on the Farmers' side!
