From pledges to action - on track to close the gap?

7 June 2011, 20:00 h

Room WIND, MoE

The Cancun Agreements have not delivered the ambition needed for a 2°C, let alone 1.5°C pathway. The Potsdam Institute for Climate Impact Research, Climate Analytics and Ecofys analyze the Cancun pledges, impacts of new developments during and after the workshops in Bangkok and look towards evaluating climate actions and their impact on emissions and the climate.

Agenda

1. **Tracking climate pledges** - Niklas Höhne, Ecofys
 2. **News from and after Bangkok** - Bill Hare, Climate Analytics
 3. **Options to close the gap** - Michiel Schaeffer, Climate Analytics
 4. **From pledges to actions:** tracking implemented policies - Sara Moltmann, Ecofys
- Moderation: Marion Vieweg, Climate Analytics

Respondents have been invited to comment on and discuss the presentations.
