

UNFCCC SB62 Official Side Event

## Scaling High-Integrity Nature-Based Climate Action - Bridging Research, Practice, and Finance

Kaminzimmer, World Conference Center Bonn, Saturday, 21 June 2025, 10:30–11:45 CEST

**Nature-based climate action** is key to tackling the interconnected crises of climate change, biodiversity loss, and social injustice. Responding to Brazil's COP30 "Global Mutirão" vision, this event explores how high-integrity, inclusive approaches can deliver benefits for people and planet. It brings together insights from the Global South, showcases tools to track impact, and makes the case for stronger alignment across the UNFCCC, CBD, and UNCCD.

### Speakers and panelists
