

Underpinning ambitious NDCs compatible with a 1.5°C emissions pathway

FRIDAY 14th DECEMBER 2018

13:15-14:45 ROOM NAREW

In order to reach an emissions pathway compatible with the 1.5° target while increasing resilience, NDCs need to include ambitious mitigation and adaptation policies. The side event discusses the design of policy instruments and strategies that take into account feasibility, efficiency and long-term robustness.

OVAIS SARMAD
Deputy Executive Secretary
of the UNFCCC
