

UNFCCC COP27 Official Side Event

# The Global Dairy Sector's Climate Ambition and Progress Towards Achievement of the Paris Agreement

11 November 2022 | 11:30 - 13:00

**Venue:** Sharm El-Sheikh International Convention Center, Egypt | Room: Thebes

The event updates progress of Pathways to Dairy Net Zero, an initiative launched in 2021 to accelerate the dairy sector's climate action while continuing to provide nutrition for six billion people and livelihoods for one billion. Supporters already represent 40% of global milk production.
