

National mitigation policies as pillars of NDC implementation- how to mobilize financing

ROOM BONN (181)

WEDNESDAY 9th MAY 2018

15:00 – 16:30

As NDC implementation is prepared, elaborating national policy instruments for mitigation and adaptation, as well as blending of various sources of financing gains importance. The state of designing the rules for Art. 6 mechanisms, results-based financing and practical approaches from countries to mobilize and combine different financing sources are discussed.
