Beyond Paris:

Investor actions to manage climate risk and seize low-carbon opportunities

Friday 11th November
15.00-16.30

An event to spotlight investor actions undertaken since Paris to align private sector finance with international climate change commitments

Hear more about practical steps global investors are taking in two key areas:

- managing climate risk/carbon asset risk
- scaling up investment in low-carbon opportunities including in emerging/developing countries

Follow the live event **webcast** [here](#).
