GREEN MONDAY

GREEN MONDAY FOR animals

**1.12 billion animals killed for food in South Africa
alone.**

GREEN MONDAY FOR The Planet

Animal agriculture is “one of the top two or three most significant contributors to the most serious environmental problems, at every scale from local to global.”

- Food and Agriculture Organization of the United Nations

GREEN MONDAY FOR The Planet

The farm animal sector makes up **29 percent** of global agricultural **water requirements.**

GREEN MONDAY FOR The Planet

Animal products have much **larger water footprints** than non-animal products.

GREEN MONDAY FOR The Planet

By 2023, **33 percent** of the world's population will live in areas of **absolute water scarcity**.

If you only do one thing...

EAT VEGETARIAN ONCE A WEEK

*When you go meatless for one day every week, over a year you'll
cut carbon emissions equivalent to not driving your car for a full month.*

Imagine if seven billion of us were to do this.
